

FROM BASE TO PEAK

ONE
TAM

An evening of exploration and discussion
about the future of Mt. Tamalpais' West Peak

EXHIBIT

Explore the history and natural resources of West Peak. See how the science of plants, geology, and soils creates choices for ecological restoration through an interactive exhibit running October 2-5.

DISCUSSION

Hear different perspectives on West Peak restoration as we discuss shared goals and vision for the site through a community member panel.

PRESENTATION

What have we learned about West Peak?
How are we approaching restoration and what changes are likely?

Thursday, October 5, 2017

5:00 - 8:00 pm

Mill Valley Community Center
180 Camino Alto
